 City of Memphis neighborhooddevelopment

Data Source:
 - Data was obtained by neighborhood level and built up
 - Property parcel boundaries - (City of Memphis)
 - Parcel cover data - (City of Memphis)
 - Data digitized from aerial photographs
 - Transcribed by - (MapInfo)

Note:
 Commercial and residential parcels including vacant lots were not
 shown (due to space limitations). Parcel boundaries are
 shown by the registration of a relative location and boundary for
 year of 2007 through 2008.

Dissemination: Digital information is not intended for
 printing. This map is not a substitute for a printed map. The
 map contains information which is intended for use as a primary or
 secondary source of information. The purpose of this map is for
 research only and should not be used to identify individual parcels or
 otherwise derive actual property values. The information, GIS data
 provided for map is not intended for use in a commercial
 agreement. Furthermore, GIS data, all other parcel and/or
 information is the property of the City of Memphis and should not be
 transferred from any legal action arising from the use of this data.
